Country View Equine Clinic

2019 Wellness Program

Featuring a new, improved, and **INDIVIDUALIZED** plan for you and your horse.

How does the individualized plan work?

What Is Included In Wellness Plans?

- Stable Calls for the Wellness Visits
- Immunizations appropriate for your individual horse as determined by you and your veterinarian.
- Laboratory Testing as determined by your horse's needs. This may include Coggins Test, monitoring ACTH levels for horses with Cushings, baseline blood work for geriatric horses or horses on long-term medications, and/or Metabolic Testing.

Deworming Protocol

- All plans include a Fecal Egg Count and Sand check in the spring.
- All Plans include Equimax for winter deworming.
- If your horse is in an age range that requires two Fecal Egg Counts a year, it will automatically be added into your plan.
- If your horse is in an age range that requires one Fecal Egg Count in the spring with additional testing being performed as needed, additional tests will be charged for as they are needed during the year .

How to get your customized plan

Call our office at 608-291-0505

- We will create a customized Health Care Program for your horse.
 - The program is based on your horse's previous needs, age, health care status, and risks of exposure.
- We will call you to discuss your plan**
- Individualized plans will be available within one week.
 - As your plan is utilized, an updated Report Card can be provided to show in-plan savings and exam findings.

Individualized Health Care Program

Spring Preventive Care (March-April)

- Stable Call
- Physical Examination
- Nutritional Consult
- Blood Tests (as appropriate)
- Individualized Vaccinations
- Fecal Parasite and Sand Analysis

Fall Preventive Care (Sept-Oct)

- Stable Call
- Physical Examination
- Nutritional Consult
- Individualized Vaccinations
- Fecal Egg Count (as appropriate)
- Dental Sedation
- Dental Examination
